BESKRIVELSE

Villa del Mar, designed to live in&out. To relax and unwind surrounded by incredible views of the sea is possible in this exclusive villa in Cumbre del Sol. Villa del Mar is based on the Living IN&OUT interior design concept, distributed on several storeys, in open and comfortable spaces where indoor/outdoor boundaries are blurred. A project with light-toned colours, wood and lots of natural sunlight. The home is accessed through the upper floor, with a large hall and a private lift, which serves as the main access point. The middle floor has three bedrooms with a private bathroom and a dressing room in one of them as well as access to the terrace. The ground floor has a large living room, a dining room and the kitchen, all in the same open-plan space, except the guest bathroom and the laundry room. Accessed by an external staircase, there is a fourth floor with a lot of space to house a gym, a leisure area or a fourth bedroom. An exquisite terrace strengthens the idea of "living outside" even more, with several areas for resting beside an endless swimming pool and the Jacuzzi, as well as a barbeque area with an outdoor dining space, to enjoy the marvellous sunny days that are characteristic of the

Costa Blanca.
